

BASORFIL FOLDABLE FITTINGS

Introducing Basor's newest innovation, Basorfil foldable fittings. Basor's foldable fittings are designed for the optimum amount of installation speed and efficiency while minimizing the total space required on the job site for staging and storage.

Use Basorfil foldable fittings in cable pathway applications where there are high counts of cable direction changes.

- Save time, money and space
- Horizontal 90° Elbows, Tees, and Crosses can be fabricated on site from our flat fittings
- No cutting and bending required of the mesh tray
- The flat sheets minimize the lay-down area needed on site for staging and storing
